

Who is FedEx Services?

FedEx Services coordinates sales, marketing, information technology, customer service, and worldwide supply chain services support for the global FedEx brand. This includes data management and networking expertise behind the package tracking capabilities for FedEx Express, FedEx Ground, and FedEx Freight, along with e-commerce services, customer contact services, and other functions of the corporation's professional services company.

FedEx TechConnect is a subsidiary of FedEx Services. Its mission is to align customer contact centers, worldwide revenue operations, claims, trace and package engineering within FedEx's professional services company.

Diversity

FedEx was founded on a people-first philosophy, where respect for all people is a fundamental value and everyday business practice. We embrace diversity as essential to our continued success in today's ever-changing global marketplace. And we value its role in helping us achieve exceptional service for our customers and rewarding opportunities for our employees.

Citizenship

At FedEx, we recognize that our impact is greater than the services we provide. We are committed to being a great place to work, a thoughtful steward of the environment and a caring citizen in the communities where we live and work.
