

## EAB Campus

This is a program now available for advisors to be able to look up students, run reports, submit Early Alerts or complete Progress Reports, communicate with students, and much more.

Go to: <https://memphis.campus.eab.com/>

The screenshot shows the EAB Campus Advisor Home interface in Internet Explorer. The browser address bar displays <https://memphis.campus.eab.com/>. The page header includes the "Campus Student Success Collaborative" logo and a "Spring Term 2018" dropdown menu. The main content area is titled "Advisor Home" and features a navigation menu with "Students", "Upcoming Appointments", "My Availability", and "Appointment Queues". Below this, the section "My Assigned Students For Spring Term 2018" is displayed. A table with columns for "ALL", "STUDENT NAME", "ID", "WATCH LIST", "CUM. GPA", and "PREDICTED RISK LEVEL" is shown, but it contains no data, with the message "No matching records found". The table has "Previous" and "Next" navigation buttons and indicates "0 total results". On the right side, there are three panels: "Actions" with a "Issue an Alert" button, "Quick Links" with links for "Take me to...", "Record Class Attendance", "Manage Assignments", "School Information", "Download Center for Reports", "Campaigns...", and "Appointment Campaigns", and "Upcoming Appointments" with the message "You have no upcoming appointments."

In the blue line on the left are several icons that show the many things EAB Campus can do:

Home screen

Communications – you can see any communications you have sent to students through EAB Campus

Calendar – this is a function that allows you to connect your Outlook calendar and set up appointment times for students. The system will then let students make appointments and receive a reminder email.

Cases – links to the cases that have been assigned to you

Campaigns – you can send out to notify students to make an appointment

Reminders – you can set up information regarding the reminders for students

Search option – you can search for individual students, or students in your major, or students assigned to you.

Lists and Searches – you can save searches or lists to refer back to.

Institution Reports – reports that can tell you about graduation rates, majors, and more.

Reporting – reports of various types that you can pull

Administration – where those who need to adjust EAB Campus can do so

Ryan Crews and Courtney Brafford are the Campus champions – [rcrews@memphis.edu](mailto:rcrews@memphis.edu), [cmftzgrl@memphis.edu](mailto:cmftzgrl@memphis.edu). They can train you on how to set up the calendar and send campaigns.

Soon we hope to have a site with instructions for using Campus.
