1. Welcome
2. Dr. Nikki Detraz motioned to approve the minutes from October 2022. Dr. Jaime Sabel seconded the motion. There was one abstention.
3. Announcements and Updates
 - A. UUC Updates from L. Menson- Furr
 - a. The UUC met on Friday, November 11, 2022, to discuss and vote on the proposals CAS Undergraduate Committee voted on in October. All proposals were approved by the UUC. However, the Forensic Chemistry concentration may need to be reviewed again for a second and official vote. It was erroneously omitted from the UUC's agenda.
 - b. The UUC will meet in December to discuss and vote on the proposals that will be voted on today. L. Menson-Furr informed the council members to be prepared to review a program revision for AERO during the December 15th meeting.
 - c. Provost Parrill-Baker has asked for feedback regarding the student holiday coursework policy, particularly looking at adding Study Day to the official policy. If any members have feedback, please send to L. Menson-Furr via email.
 - d. Special Topics deadline for the summer/fall semester is February 1, 2023.
 - e. Curriculum reminders and updates: If a new course is proposed as an online offering, it will require discussion with UM3D.

- f. The UUC reviews the course fee proposals for discussion and placement into the catalog, but these do not require UUC approval.
- g. V. Tardugno explained Program Revision vs Catalog Edit proposals: Program Revision is used to make changes to program structure, courses, etc. Catalog Change/Edit is used for wording changes, admission updates, etc. She asked that if someone is unsure which to use, please email her.
- h. November 22, 2022 is the deadline for all CAS items to be at Dr. Danehower's Curriculog review step, even items the CAS UG Council may not be voting on until December. This is to ensure Dr. Danehower will have time to review all proposals in case corrections are needed.

B. CAS Updates

L. Menson Furr welcomed the new CAS Admin Associate Stormey Warren. She reminded members to review the UUC website for Curriculog procedures as it is continuously updated.

C. Scholarship Updates from R. Serino:

The Tiger Scholarship system opened on 11/16/22. R. Serino asked that department and college level scholarships be advertised to students now to ensure they are informed and can submit application.
