SOAR Key Change: Oracle Expenses

Oracle Expenses will replace Chrome River

Future State: New System, Same Process!

All employee expense reimbursement, travel reimbursement, and travel pre-approval will move to Oracle.

The travel pre-approval timeline, required information, process steps and required approvals **will be very similar.**

You can watch the Travel Authorization submission and approval process on the [SOAR Mediasite Channel. Click Here.](#)

The image displays two screenshots from the Oracle Expenses system. The left screenshot shows an 'Authorization' form for 'AUTH000015244305'. The form includes fields for Purpose ('Traveling to Memphis for September connect'), Expense Location ('Memphis, Shelby, TN, United States'), Start Date ('9/22/24'), and End Date ('9/27/24'). The 'Estimated Total' is 690.00 USD. Below the form, there is a table of 'Estimated Expenses (2)':

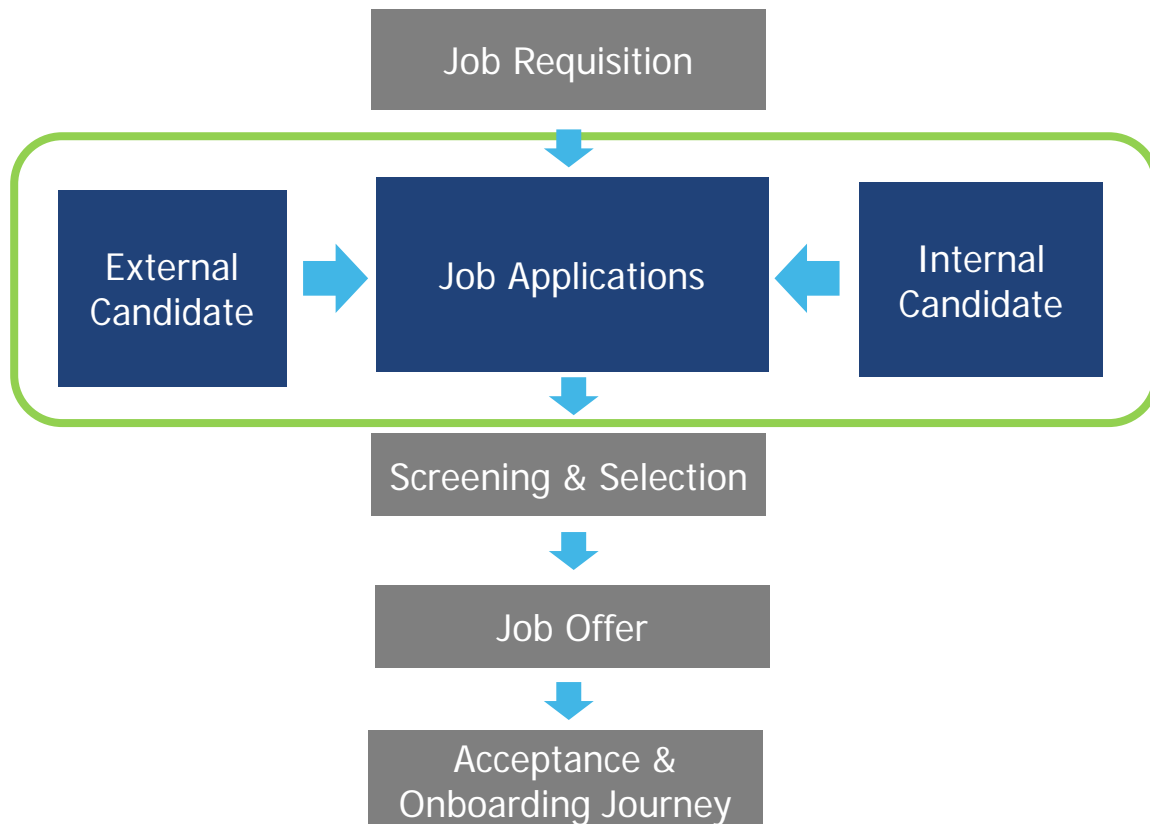

Description	Account Number	Amount
Car Rental	10-170105-31000-71100-000-000000-000000	90.00 USD
Conference / Seminar	10-170105-31000-71100-000-000000-000000	600.00 USD

The right screenshot shows an 'Account' selection dialog with a 'Hide Segments' option. It lists various account segments: Alias, Entity (10 - University of Memphis), Fund (170105 - Memphis Fund), Organization (31000 - Finance), Account (71100 - Travel Individual In State), Program (000 - Default Program Code), Activity (00000 - Default Activity), Initiative (00000 - Default Initiatives), and Future (00000 - Default Future). A yellow callout box labeled 'New Chart of Accounts' has an arrow pointing to the 'Organization' field.

Divisional Carryforward Balances:

The FY25 carry forward funds from FY24 have been posted into Banner Finance to account code 74000 - operating. It is important to remember to shift carryforward funds, as well as any unallocated funds to the budget pools/account codes where the funds will be spent – be sure and incorporate spring semester spending as well.

The “best practice” is to look at historical spending as compared to both your base and current year budgets (which includes carryforward funds) and submit budget revisions to properly align your budget. Base alignment will greatly reduce the number of budget revisions that will be required in the future.

What should I do if I am injured on the job?

- If it is an emergency, seek treatment at the nearest emergency room. Then contact your supervisor and Human Resources as soon as possible to start the claim process.
- In a non-emergency, notify your supervisor immediately of what happened, how it happened, who saw what happened, and if you were injured as a result of the accident. You and your supervisor should then contact the Workplace Injury and First Notice of Loss Call Center at 1.866.245.8588 to speak with a registered nurse who will evaluate the nature of your injury and determine your immediate care or treatment options.

Announcements & Deadlines

What should I do if I am injured on the job?

Separation & Clearance

- Please remember to immediately complete an online separation notice for any employee in your area that is departing the University prior to their departure date!
- Not doing so places the University at risk because the employee would still have system access and could lead to an audit finding.
