If you already have a CITI Program account, you will select “I already have a CITI Program Account,” and then you will be prompted to link your current CITI Program account using your CITI Program credentials.

Once your account is linked to the SSO, you can log in using the SSO link with your University of Memphis credentials moving forward.

If you have never created a CITI Program account, you would select “I don’t have a CITI Program account, and I need to create one.” Once you submit your answer, an account will be created for you automatically.
